

# ProTeus IV

The CMMS Technology Leader

## Mobile Interface

ProTeus Mobile combines the power of Eagle's maintenance software system with convenient Palm-OS handheld computers.

Take ProTeus Mobile with you to the site to:

- Create new work orders in the field
- Call up work order details
- Record parts used for repairs
- Update labor hours
- Update work orders
- Scan equipment barcodes to select assigned work orders

PDA use can save your staff more than an hour of paperwork daily. Give your staff more "wrench time" with ProTeus Mobile.

### Features

- 'One Button' transfer of work order details to handheld device
- Electronically transfer updated work orders back to your PC
- Enhanced paperless work environment
- Visit our web site for more information on the Mobile Interface.
